PROCEEDINGS AND DEBATES OF THE 118th CONGRESS, SECOND SESSION

Vol. 170

WASHINGTON, THURSDAY, JULY 11, 2024

No. 115

Senate

(Legislative day of Wednesday, July 10, 2024)

The Senate met at 10 a.m., on the expiration of the recess, and was called to order by the President pro tempore (Mrs. MURRAY).

PRAYER

The Chaplain, Dr. Barry C. Black, offered the following prayer:

Let us pray.

Eternal God, the giver of every good and perfect gift, we thank You for the exemplary life and legacy of former Senator James Inhofe. Lord, we praise You for his life, which was like the light of morning at sunrise on a cloudless day and like the brightness after rain that brings the grass from the Earth.

Inspired by the footprints he left on the sands of time, may we seek to see You more clearly, to love You more dearly, and to follow You more nearly day by day.

And, Lord, use our lawmakers this day for Your glory.

We pray in Your loving Name. Amen.

PLEDGE OF ALLEGIANCE

The President pro tempore led the Pledge of Allegiance, as follows:

I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one nation under God, indivisible, with liberty and justice for all.

LEGISLATIVE SESSION

REPRODUCTIVE FREEDOM FOR WOMEN ACT—MOTION TO PROCEED—Continued

The PRESIDING OFFICER (Mr. WARNOCK). The clerk will report the pending business.

The senior assistant legislative clerk read as follows:

Motion to proceed to Calendar No. 420, S. 4554, a bill to express support for protecting

access to reproductive health care after the *Dobbs v. Jackson* decision on June 24, 2022.

The PRESIDING OFFICER. The majority leader is recognized.

REPRODUCTIVE FREEDOM FOR WOMEN ACT

Mr. SCHUMER. Mr. President, yesterday was a very sad day for women in America. Yesterday, Senate Republicans blocked a bill that simply expressed support for a woman's right to choose. That is it; no more, no less.

Supporting a woman's right to make her own healthcare decisions should have been one of the easiest "yes" votes we have taken all year. By voting no, Republicans told every woman in America: "Your body, our choice."

Republicans are saying "We don't care" to all the women who live in States where reproductive rights are almost gone, from Texas to Florida, to Alabama, and beyond.

This is the terrible legacy of the Senate Republicans and the Trump administration: They cleared the way for the Supreme Court to overturn *Roe*.

Years ago, Donald Trump himself said overturning *Roe* was part of the plan. He said:

[If we put another two or . . . three justices on [the Supreme Court]—that will happen.

And then, Senate Republicans—even many who don't abide by the MAGA philosophy—just laid down and voted for all of the President's nominees.

To this day, Senate Republicans keep doubling down and tripling down on undermining women's rights, despite so much blowback from the American people. Senate Republicans voted no on protecting contraception. They voted no on protecting IVF. And they voted no again yesterday on supporting the right to choose.

So let me say to America: Do you want to know who is on your side protecting abortion and women's rights? It is the Democrats. Every Republican—with one or two exceptions—has

universally voted to take away women's rights. That is the truth of it.

Our Republican colleagues can run, but they can't hide. They are voting against women because extreme MAGA groups are pushing them to do it or maybe because of belief. Either way, they are out of touch with America.

Now, for all the chaos and disaster of the first Trump Presidency, it pales in comparison to the threat of a second Trump Presidency. We have all heard about the policy platform, 2025, drafted by the Heritage Foundation—a project overseen by former Trump officials and advisers and appointees. It is a manifesto for the second Trump Presidency.

What does it do? The Trump manifesto lays a groundwork for a nationwide abortion ban. That is the heart and soul of the Republican Party. That is where they always go when they are in power, folks. When they are not in power, they say some words here and there. When they are running for office, they try to run away from how they vote and how they feel. Then they come here, and they vote to roll over women's rights again and again and again. And each time they do it, it becomes more extreme and more extreme. And that is just the beginning on the issues.

The Trump manifesto, 2025, calls for the most conservative agenda America has ever seen. It calls for more tax cuts for the very wealthy, more tax cuts for corporate elites, more tax cuts for megacorporations. It calls for reversing Democrats' clean energy agenda while empowering the Nation's biggest oil and gas polluters. And the Trump manifesto even calls for silencing and attacking all of Donald Trump's political opponents.

Can you imagine? It is like a dictatorship. It is like a dictatorship, with nothing—Trump says: "I am going to prosecute people"—no evidence. Wow. What happened to rule of law in this

SA 2610. Mr. ROUNDS (for himself and Mr. SCHUMER) submitted an amendment intended to be proposed by him to the bill S. 4638, to authorize appropriations for fiscal year 2025 for military activities of the Department of Defense, for military construction, and for defense activities of the Department of Energy, to prescribe military personnel strengths for such fiscal year, and for other purposes; which was ordered to lie on the table; as follows:

DIVISION — UNIDENTIFIED ANOMALOUS PHENOMENA DISCLOSURE

SEC. 01. SHORT TITLE.

This division may be cited as the “Unidentified Anomalous Phenomena Disclosure Act of 2024” or the “UAP Disclosure Act of 2024”.

SEC. 02. FINDINGS, DECLARATIONS, AND PURPOSES.

(a) FINDINGS AND DECLARATIONS.—Congress finds and declares the following:

(1) All Federal Government records related to unidentified anomalous phenomena should be preserved and centralized for historical and Federal Government purposes.

(2) All Federal Government records concerning unidentified anomalous phenomena should carry a presumption of immediate disclosure and all records should be eventually disclosed to enable the public to become fully informed about the history of the Federal Government’s knowledge and involvement surrounding unidentified anomalous phenomena.

(3) Legislation is necessary to create an enforceable, independent, and accountable process for the public disclosure of such records.

(4) Legislation is necessary because credible evidence and testimony indicates that Federal Government unidentified anomalous phenomena records exist that have not been declassified or subject to mandatory declassification review as set forth in Executive Order 13526 (50 U.S.C. 3161 note; relating to classified national security information) due in part to exemptions under the Atomic Energy Act of 1954 (42 U.S.C. 2011 et seq.), as well as an over-broad interpretation of “transclassified foreign nuclear information”, which is also exempt from mandatory declassification, thereby preventing public disclosure under existing provisions of law.

(5) Legislation is necessary because section 552 of title 5, United States Code (commonly referred to as the “Freedom of Information Act”), as implemented by the Executive branch of the Federal Government, has prov-

en inadequate in achieving the timely public disclosure of Government unidentified anomalous phenomena records that are subject to mandatory declassification review.

(6) Legislation is necessary to restore proper oversight over unidentified anomalous phenomena records by elected officials in both the executive and legislative branches of the Federal Government that has otherwise been lacking as of the enactment of this Act.

(7) Legislation is necessary to afford complete and timely access to all knowledge gained by the Federal Government concerning unidentified anomalous phenomena in furtherance of comprehensive open scientific and technological research and development essential to avoiding or mitigating potential technological surprise in furtherance of urgent national security concerns and the public interest.

(b) PURPOSES.—The purposes of this division are—

SEC. 06. GROUNDS FOR POSTPONEMENT OF PUBLIC DISCLOSURE OF UNIDENTIFIED ANOMALOUS PHENOMENA RECORDS.

Disclosure of unidentified anomalous phenomena records or particular information in

unidentified anomalous phenomena records to the public may be postponed subject to the limitations of this division if there is clear and convincing evidence that—

(1) the threat to the military defense, intelligence operations, or conduct of foreign relations of the United States posed by the public disclosure of the unidentified anomalous phenomena record is of such gravity that it outweighs the public interest in disclosure, and such public disclosure would reveal—

(A) an intelligence agent whose identity currently requires protection;

(B) an intelligence source or method which is currently utilized, or reasonably expected to be utilized, by the Federal Government and which has not been officially disclosed, the disclosure of which would interfere with the conduct of intelligence activities; or

(C) any other matter currently relating to the military defense, intelligence operations, or conduct of foreign relations of the United States, the disclosure of which would demonstrably and substantially impair the national security of the United States;

(2) the public disclosure of the unidentified anomalous phenomena record would reveal the name or identity of a living person who provided confidential information to the Federal Government and would pose a substantial risk of harm to that person;

(3) the public disclosure of the unidentified anomalous phenomena record could reasonably be expected to constitute an unwarranted invasion of personal privacy, and that invasion of privacy is so substantial that it outweighs the public interest; or

(4) the public disclosure of the unidentified anomalous phenomena record would compromise the existence of an understanding of confidentiality currently requiring protection between a Federal Government agent and a cooperating individual or a foreign government, and public disclosure would be so harmful that it outweighs the public interest.

SEC. 07. ESTABLISHMENT AND POWERS OF THE UNIDENTIFIED ANOMALOUS PHENOMENA RECORDS REVIEW BOARD.

(a) **ESTABLISHMENT.**—There is established as an independent agency a board to be known as the “Unidentified Anomalous Phenomena Records Review Board”.

SEC. . NET ASSESSMENT OF ARTIFICIAL GENERAL INTELLIGENCE.

(a) STUDY.—The Secretary of Defense shall, acting through the Office of Net Assessment, conduct a study to analyze the impact of future developments in artificial general intelligence on the military readiness and economic competitiveness of the United States.

(b) SCENARIOS.—

(1) IN GENERAL.—In conducting the study required by subsection (a), the Secretary shall analyze multiple scenarios in which a specified artificial intelligence capability is assumed to exist and the goal is to understand what the implications would be on the United States military and the broader United States economy.

(2) LEVELS OF CAPABILITY.—Each scenario analyzed under paragraph (1) shall assume the existence of a certain level of capability to perform intellectual or physical tasks using software or hardware, but without human involvement, and may assume a specific cost of this artificial intelligence capability, such as the ability to perform all job tasks that a typical human would perform at a specified price.

(3) DYNAMIC CAPABILITIES.—Scenarios analyzed under this subsection may allow the capabilities of artificial intelligence systems to increase over time instead of remaining fixed.

(c) PROPERTIES.—The study conducted under subsection (a) shall have the following properties:

(1) A taxonomy of levels of artificial general intelligence. To the degree possible, such taxonomy shall be developed in conjunction with relevant experts in the Federal Government or outside of government and shall be as consistent as possible with any similar taxonomy developed by such experts.

(2) At least one scenario under subsection (b) shall assume the existence of an artificial general intelligence system that is more intelligent than any human.

(3) The study is not required to estimate the likelihood of any such scenario occurring, nor should the likelihood of the scenario occurring affect the analysis of the

scenario. However, the study may optionally estimate these likelihoods.

(d) REPORT.—

(1) IN GENERAL.—Not later than one year after the date of the enactment of this Act, the Secretary shall submit to the congressional defense committees a report on the findings of the Secretary with respect to the study conducted under subsection (a).

(2) FORM.—The report submitted pursuant to paragraph (1) shall be submitted in unclassified form, but may include a classified annex.

(e) BRIEFING.—Not later than 30 days after the date of the submittal of the report under subsection (d), the Secretary shall provide the congressional defense committees a briefing on the main findings of the Secretary with respect to the study conducted under subsection (a).

SA 2612. Mr. HEINRICH submitted an amendment intended to be proposed by him to the bill S. 4638, to authorize appropriations for fiscal year 2025 for military activities of the Department of Defense, for military construction, and for defense activities of the Department of Energy, to prescribe military personnel strengths for such fiscal year, and for other purposes; which was ordered to lie on the table; as follows:

SEC. 3123. ARTIFICIAL INTELLIGENCE AND NATIONAL SECURITY.**(a) EVALUATIONS.—**

(1) IN GENERAL.—The Administrator for Nuclear Security shall develop tools and testbeds to evaluate the capabilities of artificial intelligence systems to assist in the development of chemical, biological, nuclear, or radiological weapons.

(2) PUBLIC ARTIFICIAL INTELLIGENCE SYSTEMS.—The Administrator shall evaluate publicly available artificial intelligence systems for such capabilities on an ongoing basis.

(b) REQUIREMENTS ON COMMERCIAL ARTIFICIAL INTELLIGENCE PROVIDERS.—

(1) IN GENERAL.—Any commercial cloud computing service that provides unclassified access to artificial intelligence systems on its platform, and which in general offers software services in a classified computing environment to the Department of Energy or Department of Defense, shall, at the request of the Administrator, offer a particular artificial intelligence system in a classified computing environment at no cost to the National Nuclear Security Administration, upon a determination by the Administrator that the specified artificial intelligence system is relevant for performing the tasks specified in subsection (a).

(2) ASSISTANCE.—Developers of any such artificial intelligence systems shall provide any necessary design and engineering assistance necessary to support the usage of those systems in the classified computing environment.

(c) BRIEFING.—Not later than 90 days after the date of the enactment of this Act, the Administrator for Nuclear Security shall provide to the congressional defense committees, the Committee on Energy and Natural Resources of the Senate, and the Committee on Energy and Commerce of the House of Representatives, a classified briefing that includes—

(1) a description of the work performed by the National Nuclear Security Administration in response to Executive Order 14110 (88 Fed. Reg. 75191; relating to safe, secure, and trustworthy development and use of artificial intelligence) and the evaluations con-

ducted pursuant to subsection (a) to understand the national security risks posed by artificial intelligence;

(2) a description of the extent to which commercial and open source artificial intelligence systems can generate sensitive or classified information about nuclear weapons, and whether any such systems are developed using classified information;

(3) a description of the status of authorities for running commercial and open source artificial intelligence systems on classified computational infrastructure;

(4) a summary of potential risk mitigation and response options in the event that Restricted Data (as that term is defined in section 11 of the Atomic Energy Act of 1954 (42 U.S.C. 2014)) is discovered on, or generated by, commercial or open source artificial intelligence systems;

(5) recommendations regarding the infrastructure and personnel needed to continue to evaluate the national security risks of artificial intelligence systems; and

(6) recommendations on the legal authorities needed by the National Nuclear Security Administration to address national security risks of artificial intelligence systems.

SEC. . REPORTS ON APPROVAL AND DEPLOYMENT OF LETHAL AUTONOMOUS WEAPON SYSTEMS.

(a) IN GENERAL.—On an annual basis in accordance with subsection (c), the President shall submit to the congressional defense committees a comprehensive report on the approval and deployment of lethal autonomous weapon systems by the United States.

(b) ELEMENTS.—Each report under subsection (a) shall include, with respect to the period covered by the report, the following:

(1) A comprehensive list of any lethal autonomous weapon systems that have been approved by senior defense officials for use by the United States military under Department of Defense policies in effect as of the date of the report, the dates of such approvals, and a description how such weapons systems have been, are being, or will be deployed and whether they operated as intended.

(2) A comprehensive list of any lethal autonomous weapon systems that have received a waiver of the requirement for review by senior defense officials under Department of Defense policies in effect as of the date of the report, the dates such waivers were issued, and a description of how such weapon systems have been, are being, or will be deployed and whether they operated as intended.

(3) A comprehensive list of any lethal autonomous weapon systems that are undergoing senior review or waiver request processes as of the date of the report.

(4) A comprehensive list of any lethal autonomous weapon systems not approved during a senior review or waiver request process and the reasons for such disapproval.

(c) TIMING OF REPORTS.—
